SENATE ROW DELAYS PROBE

H. A. Johnston Will Run For State Senate

LOCAL BUSINESS MAN WILL ENTER POLITICAL LISTS

Will Be Candidate on Republican Ticket; Has Many Friends in Richmond.

IS PRESIDENT OF C. OF C.

Has Spent Many Years in This City And Been Active As Civic Worker.

Not a politician in any sense of the word, and never having occupied a public office of any kind, but finally acceding to the many requests of people in all parts of the county that his training and experience would be valuable to the people of the county, H. A. Johnston, well known business man of Richmond, yesterday made the formal announcement that he would be a candidate for state senator in this district, which takes in the counties of Contra Costa and Marin. He will run on the Republican ticket.

This is the first announcement of candidacy to be made in Contra Costa county for the November election. The primaries will be held in August. A senator, assemblyman, three supervisors and a Superior Judge are to be named at this time.

Johnston is well known in all parts of the county, and particularly in Richmond, where his activities in business and civic matters started in 1901.

At the present time Johnston is president of the Richmond Chamber of Commerce, president of the Richmond Rotary club, director of the Mechanics bank, director of the California Guarantee Building and Loan Association, director of the Contra Costa Realty Company, and a large property owner.

A short sketch of the life of Johnston will be of interest, for the position he occupies today is solely due to his own efforts. His early boyhood days were spent on a ranch at Tomales, Marin county, and at the age of 31 years he was left an orphan, at which time he was placed by his brother under the charge of S. M. Martin, a well-known rancher of Two Rock Valley, near Petaluma, where he worked for his board and clothes, and was given the privilege of attending school.

At the age of 17 years Martin held him in such high esteem that he leased him the ranch on shares, for a period of four years. This was Johnston's real start in life, and from there he went to Rio Vista, where he entered the mercantile business, which he conducted successfully for a period of two years.

At that time Richmond was gaining prominence by wide advertising, and Johnston came to the conclusion that this city had a great future before it. Acting on that conclusion he sold his business and came to this city, engaging in the real estate business on the east side, although living at the Point, as there were no hotels in this section then.

One of his first activities was the purchase of a tract of land which he subdivided and put on the market as the Park tract. Afterward he became local manager of the Richmond Land company, and was instrumental in selling a large number of lots which are now the main business section of Richmond.

With the disposal of all the property in the tract he engaged in business for himself, buying and selling real estate, and conducting buildings. One of his activities is farming, Johnston being the owner of a large dairy ranch near Woodland, which is stocked with a herd of thoroughbred cattle.

SUES FOR \$450

Suit for \$450 alleged to be due on an automobile contract has been filed in the Superior court at Martinez by J. P. Strom of Richmond against L. Garfunkel of that place. Pierce and Carlson are attorneys for the plaintiff.

BUILDER'S HOLD SOCIAL NIGHT

Builder's Exchange held the big social night and banquet last night after the regular business meeting. About 75 members were present. P. M. Sanford presided over the business meeting. During the business session attention was called to the death of Max Kuhl, prominent San Francisco attorney. Kuhl was the guest of the exchange on several occasions and was well liked and sincerely respected by all of the members. A committee was appointed to draw up a resolution of condolence to be sent to his widow and family. The banquet and program were in charge of James Walker, who was assisted by S. G. Roberson, R. W. Timmons, George Edwards, W. Snelgrove and J. F. Snyder. W. Snelgrove acted as chairman and introduced the entertainers. E. M. Tilden and A. C. Burdick gave their own interpretation of the fox trot as it will be danced in 1930. This was one of the most amusing numbers on the program and was well received by the members. E. H. Bull gave a very fine talk on city development, in which he stressed the necessity of co-operation among the people to put Richmond in the place she should occupy.

A fine vocal quartette gave several good numbers. The quartette included H. P. Kaplan, George Edwards, Al Hill and W. S. Stanley. They were accompanied by V. G. Treadwell at the piano. A. H. Winchols sang several fine solos, his main hit being "My Wonderful One." Al Hill gave a recitation dedicated to E. M. (Duke) Tilden. Community singing was led by A. W. Winchols in which all of the members of the club participated. A double quartette consisted of H. E. Bettenger, H. J. Kaplan, Al Hill, George Edwards, V. G. Treadwell, W. S. Stanley, W. Snelgrove and W. H. Pharo.

Richmond Woman Asks Divorce

After twenty years of married life, Mrs. Mary Madeline Perelli of Richmond asks for a divorce from Pete Perelli on grounds of cruelty, charging that he has made threats against the lives of both herself and their children.

They were married in Italy in 1904, according to the complaint and have five children and community property located at Richmond. Besides the threats she charged to the husband, the wife claims that he frequently addressed her in vile language and told her on one occasion that she was crazy and should be locked up.

She asks for the community property, custody of the minor children, and \$75 monthly. Pierce and Carlson of Richmond are attorneys for the plaintiff.

Dairy In Richmond Put Under Quarantine; Herds of Cattle Killed; One Man Is Arrested

The spread of the hoof and mouth disease to dairy cattle kept in Richmond, and the slaying of several herds of infected cattle, were the outstanding features yesterday in the fight of authorities to place the disease under control. Dr. C. R. Blake, county health officer, declared last night, however, that he believed that the plague was well under control.

The latest dairy to be placed under quarantine is the Nicholl dairy on Twenty-third street. Three cows at this place were said by Dr. Blake to have the disease.

The total number of cows condemned to date, as given by Dr. Blake is over 2000, and over 300 hogs have been condemned. The aggregate value of the stock was estimated at \$225,000.

Efforts of the state workers are being confined to restrict the disease to dairies already infected. So far, it was stated, the large dairies about Pittsburg and Walnut Creek have not been affected. There are over sixty dairies, with over 7000 cows, in that section, and the disease would cause a heavy loss should it break out there.

Cattle killed yesterday were buried in deep trenches and covered with quick lime. The third arrest for alleged violation of quarantine laws was made yesterday morning when Richmond police took O. E. Jackson, Standard Oil Company employee, into custody. In the afternoon the police were awaiting word from federal authorities what action to take in Jackson's case. Jackson's arrest was ordered by federal inspectors when it was learned he had left his ranch home at San Pablo, under quarantine, and had gone to work. The quarantine prevents persons on quarantined from leaving the premises without a permit.

Although it was reported yesterday that Contra Costa county ranchers representing the ownership of 1713 cows had halted temporarily the federal plans for slaughtering all infected animals, because the government proposed to pay only half the market

value of the condemned animals. Director Hecke announced last night that this threat of delay had been eliminated. Fifteen of the 33 owners of infected herds have signed agreements with him for the slaughtering of their cattle. Hecke said, and all the owners have expressed their satisfaction and willingness to cooperate in checking the spread of the disease. Fifty additional federal officers took the field in the San Pablo district immediately on their arrival from eastern points, some coming from as far as Chicago. They are working under the direction of Dr. J. Dixon of Denver.

The following information concerning the symptoms of foot and mouth disease has been issued by the Division of Veterinary Science of the University of California: "Foot and mouth disease is an acute febrile disease of cloven hoofed animals associated with the formation of vesicular eruptions on the mouth and feet. The period of incubation is short and is followed by the development of vesicles on the muzzle and inside of the lips, mouth and tongue. These rupture in a short time and leave open sores with an irregular area. The irritation causes saliva to drool from the mouth and the cattle to produce a peculiar smacking sound with their lips and tongue. The mouth symptoms are the most characteristic and may be present without foot lesions. There are other mouth troubles of cattle which have nothing to do with foot and mouth disease.

"Cattle, sheep, swine, or goats showing lameness, drooling of saliva or sores on the udder or teats should be reported. Lameness in hogs, especially if several animals are infected, is suspicious, since these animals may not show the mouth or foot symptoms.

A sudden decrease in the total milk of a dairy herd often accompanies the spread of this disease in a herd. Milk dealers and creamery managers should report cases of sudden reduction in milk or cream deliveries from any dairy farm."

School Principals Gather At Meeting

MARTINEZ, Feb. 29.—Fifty grammar school principals gathered here yesterday afternoon for a meeting in the local school auditorium when the measurement program that has been in progress in Contra Costa county for the past two years was discussed and explained by Dr. Raymond Franzen of the University of California and Dr. L. P. Cuddeback of Stanford University.

Following the meeting the visiting principals were taken through the county library and the work of this department was explained by Mrs. Alice G. Whitbeck. They were later entertained with ice cream and cake.

Verdict In Bank Case Is Reversed

MARTINEZ, Feb. 29.—Judgment of the Superior court in the suit of 21 residents of eastern Contra Costa county against the Byron branch of the Bank of Tracy, as a result of the burglarizing of safe deposit boxes in the bank vault by acetylene safe robbers, has been reversed by the District Court of Appeals in a decision just rendered.

The Superior court judgment was \$12,322.14 in eighteen separate cases of action against the bank. The legal battle in which patrons were pitted against the bank in an effort to recover money lost in the robbery was the first of the kind in the United States, and has attracted attention in legal and banking circles in every part of the country.

The trial in the Superior court here was held in December, 1920, before a jury in Judge A. B. McKenzie's court. In the verdict the jury awarded the plaintiffs over \$12,000. The twenty-one plaintiffs in the action assigned their claims to Charles Webber.

The verdict was appealed and in the reversal of the District Court of Appeals the decision holds that the testimony showed that no evidence of negligence on the part of the defendant bank and that the same precautions for safeguarding the property of the box holders was taken as customary among banks in communities of similar size.

The robbery of the Byron bank was said to have been the first in which the vault doors were opened by use of the acetylene flame. After getting into the safe, the thieves broke into over 30 safe deposit boxes. The plaintiffs in the action were represented by Attorneys J. E. Rodgers and A. F. Eway of this city, who stated on Friday that motion for a rehearing will be made before the Supreme court. Attorney M. R. Jones of San Francisco, formerly of this city, and Attorney H. S. Crittenden of Tracy represented the bank in the action.

LARGE CROWD AT MASONS ANNUAL LADIES NIGHT

Program and Dance Given by Local Order; Clever Numbers Are Staged.

CALIFORNIA QUARTET THERE

Affair Declared To Have Been One of Best Ever Given In This City.

A large crowd attended the program and dance given by the three Masonic lodges jointly to celebrate the annual ladies night, which was held at the Masonic hall last night. A program that was characterized as one of the best that has ever been given in Richmond furnished in main the entertainment for the evening.

The program consisted of several musical numbers and readings: The Nelsons, Mrs. Joyce H. Margulies, Josephine Holub and Margaret Avery, rendered several numbers that were greatly enjoyed.

The California quartette, furnished some very fine musical numbers, the members of the quartette consisting of Laura Broderick, Ruth Anderson, Carl Anderson and Henry Z. Perry. Readings by Harold Milholland were especially interesting.

After the very successful program, members of the three lodges and their guests, enjoyed a dance, Carl Richard's orchestra furnished the music for the affair.

The "Ladies Night" is an annual affair given by the McKinley, Alpha and Harbor Lodges of Masons. The committee in charge of the affair was as follows: Bert E. Scoble, W. J. Richards, and Martin Hencken, these men being Senior Wardens of the respective lodges.

Local Boys Win State Contest

Two local boys, brothers, Charles and Joseph Baker, were declared winners, jointly in the statewide essay contest which was conducted by the Y. M. C. A. The subject of the contest on which the boys turned in winning essays was "Ideals of Lincoln." The brothers are members of the Sloux Pioneer Notchers of this city.

The essay contest was conducted by the state Y. M. C. A. during the week of Lincoln's birthday and was done as part in the Americanization program being put on by the organization. A beautiful bronze plaque will be given to the brothers to hold jointly as the judges of the contest could not discriminate between the two essays which were submitted by the brothers. The trophy will be presented on March 7th at the quarterly Pioneer Roundup.

El Cerrito Paving Program Protested

Protests were made at the meeting of the El Cerrito board of trustees last night against the proposed paving of Cutting boulevard from the city limits to San Pablo avenue. It has been planned to have this street improved and widened. Members of the board declared, however, that the program would probably be carried out despite the protests.

Warning!

By order of the Federal authorities all persons are hereby notified and warned to keep all cows, goats, dogs, cats, poultry, pigeons and other domestic animals confined strictly on the premises of the owner during the present epidemic of hoof and mouth disease, or they will be shot by the authorities.

By order of
DR. C. R. BLAKE,
Commissioner of health and county health officer.

Los Angeles Faces Serious Water Shortage

LOS ANGELES, Feb. 29.—The city of Los Angeles is facing the most serious water shortage since 1905, and it is estimated that, unless some relief develops, its reservoirs will be bone dry by November 1 next, according to a statement issued today at the Los Angeles bureau of water works and supply. The vegetable crop in Southern California, even if a good supply of rain falls during March, has been so seriously affected already that it will not be more than 60 per cent of normal, according to officials of the California Vegetable Union.

Hearings On Water Rates Postponed

City Attorney D. J. Hall attended a preliminary hearing in San Francisco yesterday before the State Railroad Commission relative to water rates and additional fire main facilities in the East Bay Water Company's territory. The hearings were postponed until March 7, when the cities will determine what each city wants in the way of fire protection. The matter of rates to be charged will also come up at this hearing.

To the Public of Richmond

There is at present an epidemic of foot and mouth disease among the cattle in this district. Health officials of the United States, State of California and this city and county are in charge of all infected animals and are taking stringent measures to prevent the spread of this disease. The public is asked to strictly obey all orders of the health officers, as they are given for the public good. All milk and meat sold in Richmond is inspected and absolutely safe as the quarantine maintained on all infected places prevents any products from such places being used by the public. All milk when pasteurized is safe. All meat sold in Richmond comes only from places under inspection and is prepared under absolutely sanitary conditions.

CHARLES R. BLAKE,
Commissioner of Health of City of Richmond,
Health Officer of Contra Costa County.

CHARGES MADE OF ATTEMPTS TO 'PACK' JURY

Storm Breaks When Wheeler, of Montana, Introduces New Resolution.

FIGHT RAGES FOR FIVE HOURS

Attorney General's Official Records For Basis For Battleground.

WASHINGTON, Feb. 29.—The row over Attorney General Daugherty plunged the Senate into a violent session today—almost unprecedented in the exchanges of bitter personalities and insinuations of misconduct. As a result action was forced over until tomorrow on the proposal for an investigation of Daugherty's official record.

The storm which broke about the investigation resolution of Senator Wheeler, Democrat, of Montana, swept over all boundaries of Senate rules and decorum.

There were charges and counter-charges of attempts to "pack" the investigating committee; there were attacks upon numerous officials, present and past, from the White House down, and upon the personal conduct and affiliations of Presidential candidates and Senators.

For more than five hours the battle raged, amid frequent outbursts from crowded galleries, despite repeated warnings and threats from the chair. The Senate recessed tonight with the debate in full swing, but with adoption of the investigation resolution in prospect tomorrow after another hectic period of discussion.

Most of today's battlefield was the attorney general's official records in various matters, including the oil scandal. Many old charges were repeated and one new accusation was made by Senator Heflin, Democrat, of Alabama, who declared the attorney general had written a letter seeking to protect from prosecution an unidentified Republican national committeeman of the West. Senator Heflin said he had seen a letter to a Western district attorney saying that any favors to the committeeman would be appreciated, and adding that "he is our man."

Sophie Peard of Richmond on Friday sold lots in the Nicholl subdivision in this city to P. Pellegrini. According to the revenue stamps attached to the deed the consideration was \$10,000.

Rises From Ranks To Responsible Postoffice Job

WASHINGTON, D. C., February 29. "Albert B. W. Firmin, who entered the Postal service 45 years ago at \$40 a month, has been made postmaster at Brooklyn, N. Y., at a salary of \$6000 a year," said William C. Deming, president of the Civil Service Commission today.

Continuing, Deming said: "Mr. Firmin stood highest among 22 competitors in the examination. From the highest three eligibles he was chosen by the Post Office Department and the President. From a humble clerkship he was promoted, grade by grade to the responsible position of superintendent of the money order division in the Brooklyn office at a salary of \$4000 a year. His elevation to the postmastership at \$6000 is a just reward for faithful service."

"Very few men in the Postal service have the broad knowledge of the post office business possessed by Mr. Firmin. He is an expert in every sense of the word, and a broad-minded man. His appointment is said to be very popular."

"It is encouraging also that the present postmasters of New York City, Philadelphia and Pittsburgh, Pa., Memphis and Knoxville, Tenn., Seattle, Wash., Cincinnati, Ohio, Madison, Wis., and many other important cities are men who came up from the ranks of the classified service."

"It is also worthy of note that the postmaster of Worcester, Mass., the first man appointed under President Wilson's executive order requiring examinations for presidential postmasterships, has been reappointed under the present administration because he is a good postmaster."

"All this is as it should be. There is no better place in which to train a postmaster than in the post office. The time will doubtless come when Congress will see the wisdom of abolishing the four-year tenure for all postmasters and placing them in the classified service. The Frazier bill would accomplish this, and very properly provides, of course, that incumbents would have to submit to an examination, and this would avoid the criticism which would arise from covering all present postmasters into the classified service by legislation, regardless of their fitness. Under examination the fittest would survive."

Priscilla Dean in "White Tiger" At California Today

The lives of the three crooks in "White Tiger," the Universal-Jewel underworld picture showing at the California theater, have about as much romance in them as the carrying of bull frogs over the humidity of the atmosphere. "White Tiger" is a blow at sentimental fiction. Police authorities have long said that sentimental nonsense in fiction about the "romance" of a life of crime does incalculable harm to the morals of growing generations. Consequently "White Tiger" should do great good by its satirical denunciation of the popular conception.

Priscilla Dean is the star, the same beautiful heroine the world remembers in another great crook picture, "Outside the Law." And it's the Dean-Browning combination at work again. Tod Browning wrote and directed the film story, just as he did "Outside the Law."

Coming on the heels of "The Flame of Life," as it does, "White Tiger" is a wide change from the recent Dean vehicles. It is the first underworld story in which she has appeared for some time. But Wallace Beery, the inimitable "villain" of "The Flame of Life," and noted also for his recent work in "Robin Hood," handles the main "heavy" characterization with his usual capability in "White Tiger."

Other features on the same program: "Our Gang," those lovable little rascals in their latest bundle of fun "Lodge Night." Kinogram, visual news of all the world. Larry F. Canelo, at the mammoth organ, with the latest jazz novelties.

A practical joke is a piston that won't work both ways.

A man that calls his wife "Dearie" bears watching.

In New York girls are robbing men at the pistol point. In Richmond they do the same thing, only they don't need guns.

Last Rites Held For J. A. Patterson

Last rites were held from Wilson and Kratzer chapel at 10 o'clock yesterday morning for John A. Patterson, who died at his home in Tapscott Park on Tuesday after a short illness. R. L. Webb of the St. George Presbyterian church officiated at the ceremony. Following the services the remains were shipped to Salem, Oregon where the body will be interred.

Members of the Daughters of America and the order of Junior Order of American Mechanics attended the services in a body and marched to the station with the remains. Mrs. J. A. Patterson, wife, and Mrs. Emelida Hocut, daughter of the deceased man, accompanied the body on its northward journey.

John Aaron Patterson was born in Iowa, February 12, 1870. He died after a brief illness at his late residence in El Cerrito, near Cutting boulevard. He leaves to mourn his loss his widow, his daughter, Mrs. Emelida Hocut, a grand-daughter, Endora Genevieve Lane of Richmond, and other relatives of Salem, Ore., where he resided for many years.

The deceased was a member of the Junior Knights of American Mechanics and the Daughters of America. During the funeral services Mrs. H. A. Kern of the San Pablo Baptist church, rendered two appropriate solos.

It is understood that Emanuel is in favor of such a project and is willing to co-operate with the council so that the work may be carried out.

"The Gunfighter" Makes Hit Showing Macdonald Today

"Bringing the house down" to use a theatrical expression, "The Gunfighter," William Farnum's latest William Fox production, opened at the Macdonald theater last night.

Embodying many score of thrills "The Gunfighter" is a production that cannot avoid a fortune of applause. It is tremendous in scope, thrilling in development, offering a variety of entertainment seldom equalled.

William Farnum performs the role of Billy Buell, a strong and lifelike character of the Spanish days of Southern California. Tackling and invigorating, brandishing numerous and sundry sidelights and black shadows, the story brings a new style of thrill to the screen.

A fight in a darkened room with knives! Can anything more hair-raisingly dramatic be conceived? The scene is admirably photographed, startlingly staged, action and suspense teasing the spectator's curiosity to the breaking point.

The fierce battle between two feudal families, is staged with unerring power, while the duel between Billy Buell, played by Farnum, and Jacob Benchley, played by James Morrison, is vivid.

Adequate cast in support of William Farnum are Doris May, L. C. Shumway, Virginia True Boardman, Jerry Campbell, J. Maurice Foster and Cecil Van Aken.

Tells Rotary Club Of Powder Making

J. C. Costello, assistant salesman of the Giant Powder company, in his address before the Richmond Rotary club at their regular weekly luncheon yesterday advocated the formation of a dynamite squad as a fire-fighting unit in case of emergency. Costello declared that the use of high explosives in time of large fires to be of any effect must be done by men who understand their use and not as in the Berkeley fire, when men and boys who did not understand their use were set at the task of destroying buildings.

The speaker gave an interesting description of the manufacture of the different kinds of powders and also explained the use of high explosives in peace time.

Musical numbers were rendered for the approval of the club by Mrs. E. D. Armstrong, soprano, who was accompanied on the piano by Miss Bertha Webber. Final arrangements were made to send a large delegation to the Rotary convention which will be held in San Jose from March 20 to 22.

R. W. Stratton, manager of the Hercules Powder company, was chairman of the day's program.

Value of Pacific Slope Crops Shows Increase in 1923

The crops of the Pacific Slope had a farm value in 1923, \$130,000,000 greater than in 1922, according to the Monthly Review of the Mercantile Trust Company of California.

The Pacific Slope produced in both 1922 and 1923 a considerably greater share of the nation's crop, measured by farm value, than its average in the five previous years, and seems to be permanently on a higher proportionate level.

Every one of the eleven states west of the Rockies, except Nevada, whose agricultural output is relatively small, produced in 1923 crops of greater value than in 1922.

The following are salient points shown by analysis of the annual summary of the United States Department of Agriculture, covering the acreage, production and value of important crops and the hypothetical value of all crops in 1923.

The United States Department of Agriculture figures for "hypothetical value of crops" do not in all cases agree with the estimates of the various state departments of agriculture. In California, for instance, there is a difference of tens of millions of dollars in state and federal estimates, the latter being the higher. For the sake of uniformity, however, federal figures, except where others are specifically mentioned, are used in this article.

Values Below War Average
Farm crops produced in the United States in 1923 had a hypothetical value, based upon farm prices December 1 of \$9,479,976,000, as against \$8,445,799,000 in 1922 and an average of \$11,723,328,000 in the five years, 1917-1921. Farm crops produced on the Pacific slope had a hypothetical value of \$1,116,318,000 in 1923, \$1,401,420,000 in 1922, and \$1,432,408,000 in an average year between 1917 and 1921.

Pacific Slope production represents 12.1 per cent of the nation's total in 1923 and 1922, as against an average of 12.2 per cent in the five preceding years.

The term "hypothetical value" as used by the United States Department of Agriculture means value "according to a computation based on the value ratio between 22 principal crops and all crops except nursery, greenhouse, and forest products in the census report for the production year 1919." The 22 crops are corn, wheat, oats, barley, rye, buckwheat, flaxseed, rice, potatoes, sweet potatoes, all hay, tobacco, lint cotton, beans, broom corn, grain sorghums, hops, oranges, clover seed, peanuts, cranberries, and apples, and of course the chances of accurate estimate are greatest in states in which production of these 22 crops nearest approaches total agricultural production, and are least in states in which production of these 22 crops represents the smallest part of total production.

In 1919 some 95 per cent of Nebraska's agricultural output was represented in the 22 crops listed, which accounted for only 54 per cent of California's output. Calculations based upon 1919 conditions naturally will be more accurate for Nebraska than for California, but in the absence of a uniform census of all crops each year, it is necessary to accept federal "hypothetical value" as the most accurate available figures for all states.

California Holds Place
California, leading agricultural state of the Pacific Slope, held its 1922 position as the fourth state of the Union in point of value of farm

MEMBERS OF AURALEE

CLUB MEET

Members of the Auralee club were entertained by Miss Mary Walte on Friday evening at her home at 211 Cottage avenue. The evening was pleasantly spent with a social program, after which the hostess served delicious refreshments.

SUFFERS SERIOUS ILLNESS

Miss Gertrude Feudler is confined to her home at 113 East Richmond avenue with a serious illness. She has been ill for about a week.

The value of California crops in 1923 is placed at \$447,993,000 as against \$404,076,000 in 1922. Texas, with crops more than twice as value as those of any other state, had an output of \$1,064,775,000, representing a tremendous increase over the 1922 figure, \$698,572. Iowa ranked second with crops valued at \$475,920,000, as compared with \$460,668,000 in 1922; and Illinois third, with \$459,509,000 in 1923, and \$418,854,000 in 1922.

The increase in California—nearly \$44,000,000—was greater than that in either Iowa or Illinois, but vastly less than that in Texas.

Other states of the Pacific Slope ranked as follows: Washington, 28th; Colorado, 29th; Montana, 30th; Oregon, 31st; Idaho, 32nd; Utah, 33rd; Arizona, 32nd; Wyoming, 43rd; New Mexico, 44th; and Nevada, 47th.

Forbes and Thompson were named jointly in two indictments charging conspiracy to commit bribery and offenses against the government and conspiracy to defraud the United States government. Civic Center Club Holds Leap Year Dance

One of the most novel dances of
the year was given last night in
Winters hall by the Civic Center.
Unique stunts and leap year dances
furnished the dancers with a great
deal of enjoyment.
Serpentine was passed out to the
dancers and the hall was soon cov-
ered with a ceiling of varied colored
paper. The leap year tag dances
were novel and at that time the men
of the village found out their true
popularity with the weaker sex.
An old fashioned Virginia Reel was
arranged for and after a few tries
committee in charge got the old time
dance in motion. This afforded
enjoyment to both the dancers and
the spectators.
The committee in charge of last
night's affair was as follows: Mrs.
L. F. Hayward and H. W. Bryan.
Denny Shaw's orchestra furnished the
music for the dance.

Richmond hall. He will be assisted
in the installation by his staff of
officers.
All cantons of the bay cities will
attend the installation ceremonies of
the local organization. The band of
San Francisco Canton, which is one
of the most famous on the coast,
will furnish the music for the pa-
rade, which will start at 7:15 and
will later play for the concert.
A class of 25 candidates will be
conferred with the patriarchal mitre
degree by the Berkeley Canton No.
7. This degree work will be fol-
lowed by the institution ceremonies.
The officers who will be installed
in the Richmond Canton on Saturday
night include: Frank Rhoads, cap-
tain; Charles Washburn, lieutenant;

300 Attend Wesley M. E. Social Night

About 300 people were present at
the big social gathering at the Wes-
ley M. E. church last night. The
affair was held in the social hall,
with Mrs. J. H. Chandler presiding.

Ruby Williams at the piano, and
J. E. Hill leading the singing. The
program was opened with a prayer.
J. E. Hill entertained with two fine
trombone solos. Mrs. A. Blomquist
gave a negro dialect reading that
proved very entertaining. Con Bastin
gave a comical impersonation of a
lady singer. He sang "Love's Old
Sweet Song," in a very amusing man-
ner. The audience then sang the
"Star Spangled Banner," and Mrs.
J. H. Chandler gave a beautiful trib-
ute to the flag, called the "Soul of
the Flag."
The meeting was then turned over
to Dr. Baker, who led the guests in
games and fun contests. He gave
a short talk on church friendliness
and the need of social gatherings.
The affair was voted to be one of
the most successful in the church's
history, according to all those who
